

Scheme of Delegation and Decision Making Framework

Document Management	
Version Number:	V1.1
Date Approved:	September 2025
Next Review Date:	July 2026
Approved By:	Board of Directors
Responsible For:	CEO

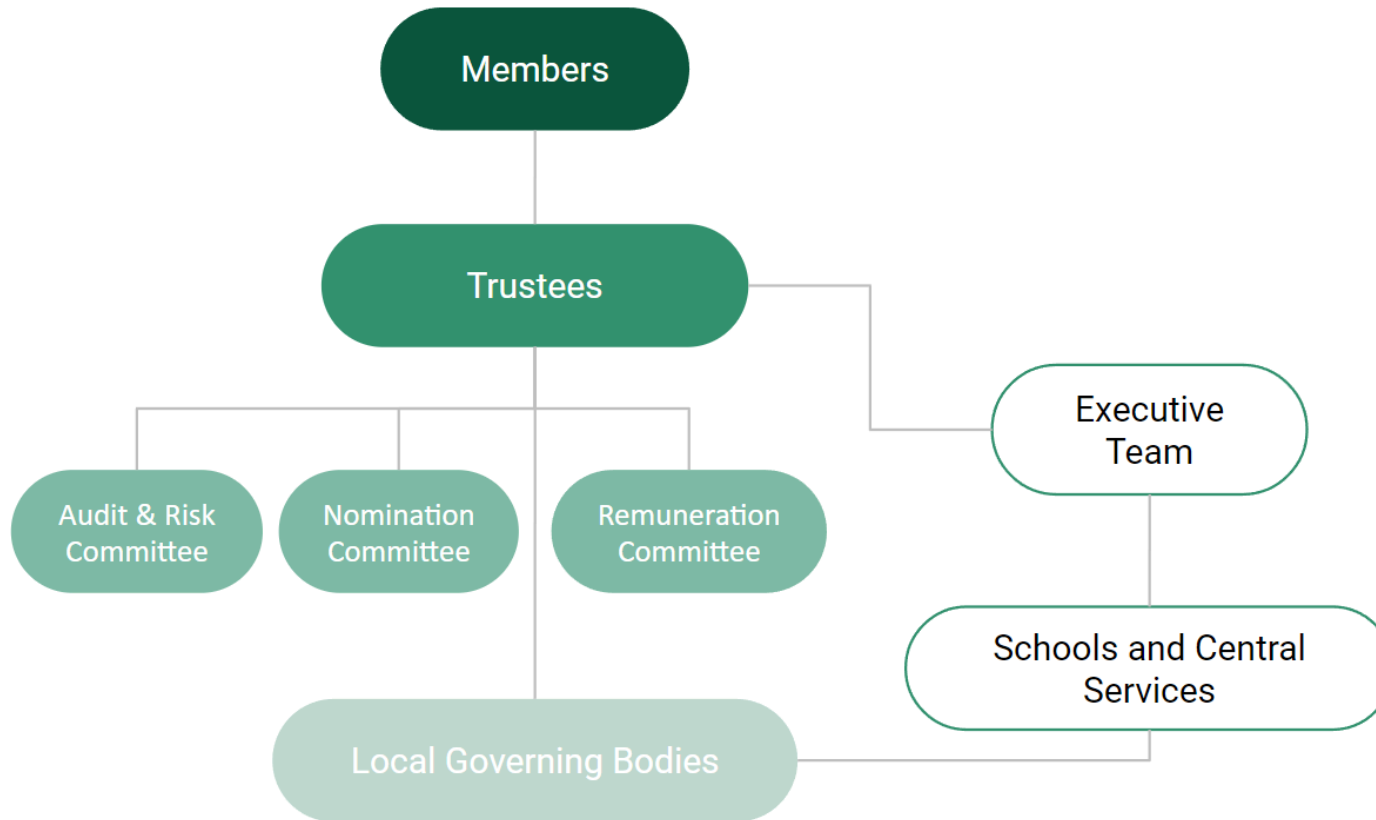

Policy Revision Log	
Date	Version No. Brief Detail of Change
July 2025	V1.0
October 2025	V1.1 - updated to transfer accountability for Trust-wide non-statutory policies to the CEO

Swale Academies Trust (SAT) believes in a model of governance that allows for strategic Board decision making, focused and effective executive leadership and local engagement and input from stakeholders. Clarity on decision making and coordinated information flows between the tiers of governance and are crucial to ensuring that all stakeholders work together to support meaningful improvement across the Trust.

- **Members:** The role of Members is to hold the Trustees to account, assure themselves that the governance of the Trust is effective and that Trustees are acting in accordance with the Trust’s charitable object(s). Members are ‘eyes on, hands off’ and are not involved in the day-to-day business of the Trust. However, Members have key powers, including the appointment of Trustees and amending the Memorandum and Articles of Association.
- **Board of Trustees:** The Board has overall accountability and legal responsibility for the Trust. They are accountable to the Members, Secretary of State for Education, the wider community for the quality of the education received by all pupils and for overseeing financial probity and expenditure of public money. The Board fulfils all statutory responsibilities by approving and monitoring the implementation and impact of Trust-wide educational and financial plans. As non-executive company directors, the Board holds legal liability for areas that would normally be the responsibility of a school governing body. They are personally responsible for ensuring the Trust meets its obligations as a company; for the strategic direction, overseeing policies, and delegating authority to the Executive Team, Board Committee or local governing body. While the Board may delegate many of its functions, the Board remains accountable. There are three Committees: Audit and Risk; Remunerations; and Nominations.
- **Chief Executive Officer (CEO):** The CEO is the most senior executive leader and Accounting Officer. The CEO is accountable for value for money, regularity and propriety. The Board delegates management of all schools, strategic planning and line management of senior leaders through the CEO.
- **Executive Team:** The Executive Team encompasses the Senior Leadership Team responsible for supporting schools to deliver educational and operational outcomes. The Board delegates the provision of all support systems to the Executive Team.
- **Local Governing Bodies (LGBs):** LGBs have responsibility for localised challenge and support but with no legal liability or final approval of core documents. They are delegated certain school-level responsibilities which enables them to focus on safeguarding, health /safety, school improvement and outcomes; and lead on local stakeholder engagement (staff, parents, community). More information about our LGBs can be found [here](#).
- **Headteachers:** Headteachers are responsible for delivering educational and operational outcomes in their individual school.

Governance Structure

Decision Making Framework

- A** **Accountable** - The individual/group that has overall responsibility for ensuring delivery of the particular task is completed/signed off and determining how the Trust and/or schools (as appropriate) should undertake the task.
- R** **Responsible** - The individual/group that has responsibility for undertaking the particular task delegated to them and reporting on its delivery at suitable intervals.
- C** **Consulted** - The individual/group that must be consulted and views taken into account as part of the process of completing a particular task.

Disclaimer: This document is concerned with core activities that are carried out within each functional area of operational and strategic delivery and how they are coordinated between the various decision makers. It does not lay out every legal responsibility or activity within the remit of individual stakeholders. Nor does this document dictate when responsibilities may be further delegated within sets of stakeholders. For example, by a Headteacher to other staff within a school, or the Chief Executive Officer to other staff within the central team. Some schools operate with an Executive Head/Head of School model.

Exceptions: In certain circumstances, such as in times of crisis, the Executive Team may take a more active role and responsibilities may change or stakeholders may go above and beyond the level of support that is articulated here. This document is reviewed on an annual basis in order to ensure that delegated responsibilities can be aligned with organisational need.
